

QUALITY POLICY

We at Sparkon Engineers value each customer and aim to deliver reliable equipment and services meeting the customers specified requirements, in terms of quality of material, workmanship and procedures as stated in Quality Management System to achieve customer satisfaction.

We will strive for continual improvement in the Quality Management System through feedback from customers and from within.

We are committed to our quality objectives stated in Quality Management System and for creating sustainable safe and health, work environment.

Mr. R. A. Rupnar
Chairman and Managing Director
